

LIENS CHARTER NIGHT BANQUET (cont. from page 1)

In any other Alberta field or combination of fields. He pointed to the fact that Drayton Valley has potential trading area of about a forty mile radius. A more detailed account of Mr. Pickup's address will be found elsewhere, in this paper.

Following Mr. Pickup's speech the District Governor made presentations of key awards to several Lions who had brought in two members during the past year.

When the ceremonies were all over the tables were cleared away and the floor was prepared for dancing, music for which was adequately supplied by the Lenora Orchestra from Evansburg. During intermission an hilarious dance number was put on by two U.D. (Unidentified Dancers) The evening's entertainment was concluded at midnight, with everyone agreeing that it had been one of the most enjoyable social event that had ever been put on in Drayton Valley.

DISTRICT PERSONALITIES (cont. from page 1)

and served as Fire Chief for three years. He has been a member of an orchestra in Drayton Valley. He is a member of the Lions Club, a member of the International Fire Chief's Association, a member of the Canadian Legion and a member of the Civil Defence Unit. He recently joined the newly organized skidners Club in Drayton Valley. When he started the Photo Studio he resigned from the local fire department but still attends most fires with his camera.

At the time of the outbreak of the war Cur's mother had been living in their home at Hague, Holland. Their home was just a mile from the launching site for the first missiles, the V-1 "buzz-bombs" which harassed Britain. One of the missiles backfired in launching and destroyed the house. After the war Cur's mother moved back to live with her husband's folks in Denmark. She recently celebrated fifty years as a concert pianist and coloratura singer.

THE Editor's Viewpoint

Perhaps Drayton Valley Town Council should re-examine the By-law dealing with transient traders and peddlers within the town limits. At present the Town charges the sum of only \$25.00 per year for a transient trader to carry on any kind of business within the town, even though he maintains his place of business in another town or city (most of them are established in Edmonton).

In the long-run transient traders contribute little to the growth or community life of any town where they are operating and it seems logical that they should (cont. same page, col. 5)

ROTARY DISTRICT GOVERNOR

Gilbert C. Paterson

Drayton Valley's first-organized club, the Rotary Club, had their annual dinner in honor of the visit of the District Governor on Wednesday, January 27th, in the Cardium Room with a good number of Rotarians, with their ladies and guests, present for the occasion. Seated at the head table were District Governor Paterson, and Mrs. Paterson, Drayton Valley Rotary Club president Howard Pickup and Mrs. Pickup; Past President Harry Zolmer and Mrs. Zolmer, and Club Padre, Reverend Albin Wright and Mrs. Wright. Following the excellent meal Rotary-Ann, Mrs. Ebel Zolmer, made a presentation of a floral bouquet to Mrs. Paterson and Rotarian Sid Mitchell made a presentation of a desk clock to the District Governor.

Drayton Valley Lions Club president Don McKenzie, who was a guest at the dinner, with his wife, Marion, gave a few words of greeting from the Lions Club. He stated that both the Rotary Club and the Lions Club formed a unity of community service. President Pickup introduced the guest speaker for the evening, Mr. Gilbert C. Paterson, District Governor of Rotary District No. 536, for 1959-1960. Mr. Paterson is a member of a large law firm in Lethbridge. He has been active in Rotary for many years, joining the club in Lethbridge in 1937. During the First World War he was a member of the R.C.A.F. After the war he graduated from the University of Alberta in 1923 and has practiced law in Lethbridge since being admitted to

the bar. He has held numerous offices in Rotary, having been president for one term and director for several years. He has held many civic offices in Lethbridge including membership on the school board for a number of years, vice-president of Alberta School Trustees Association, etc. He served for two years in the Alberta Senate, and has held offices in Boy Scout Association, Alberta Motor Association and many others.

Mr. Paterson made mention in his speech of the International Park, at Watrous Park, Alberta, and Glacier Park, Montana, which the combined Rotary Clubs of Montana and Alberta succeeded in getting made into an international park, known as Peace Park, an achievement which is unique in the world.

District Governor Paterson's speech to the assembled Rotarians listed four phases of the famous motto of the slogan of International Rotary: "Service Above Self". First, Mr. Paterson stressed, was Quality of Service. Service which is rendered with a feeling of pleasure to the one who performs the service. Next, he stated, was Opportunities for Service in demonstrating this point he used the illustration of the famous "Glow Worm" Cave in New Zealand. He stated that the guide taking a party underground to the cave would insist that the eight-seater turn out all lights and remain quiet. Since the glow

worms would light up by the hundreds, then by the thousands and then by the billions until the entire Subterranean vault would be lighted. Fourth phase, said Mr. Paterson, is Responsibilities in Service.

Following the conclusion of the address the District Governor met with the Rotary members for a brief session.

COUNCIL MEETING

Council meeting held on the January 12, 1960.

Present: Mayor Adnan Meier, Deputy Mayor D. G. McKenzie and Councillors K. Wahl, H. Zolmer and Chas Twissell.

The minutes of the previous meetings were read and passed for adoption.

Mr. D. Thierman of Haddin, Davis and Brown, Professional Engineer, and Mr. Hamilton a Town Planner were in attendance at the meeting to outline a plan of sub-division development in the south and west section of the town. A full discussion of the Pros and cons of such a development was held and then the plan was tabled for further study.

At the same interview some discussion was held with regard to the government five year paving program and how it would affect Drayton Valley. Mr. Thierman and Mr. Hamilton were asked their opinions and suggestions regarding the need for storm sewers and the probable costs of same. It was finally suggested that the Engineers in company with Council representatives have an interview with the Highway Department authorities in order to arrive at the best method of construction of the road for hard surfacing and also to decide who will engineer the project and construct the road.

Some discussion was held regarding the furnishing of the new Town Hall offices and Council chambers. Read a first time this 24th. day of November 1958. Read a second time this 24th day of November 1958. Read a third time and finally passed this 24th. day of November 1958.

By-law No. T-44 is hereby repealed. Read a first time this 24th. day of November 1958. Read a second time this 24th day of November 1958. Read a third time and finally passed this 24th. day of November 1958.

Council adjourned at three o'clock in the afternoon.

EDITOR'S VIEWPOINT (cont. col. 1)

be made to pay accordingly. Ponoka, a town about the same size as Drayton Valley, approaches the problem with a more realistic attitude as the following By-law of the Town of Ponoka attests:

BY-LAW NO. T-78.

A BY-LAW OF THE TOWN OF PONOKA IN THE PROVINCE OF ALBERTA TO PROVIDE FOR THE TAKATION OF TRANSIENT TRADERS.

THE MUNICIPAL COUNCIL OF THE TOWN OF PONOKA IN THE PROVINCE OF ALBERTA IN COUNCIL DOUBLY ASSEMBLED ENACTS AS FOLLOWS PURSUANT TO THE PROVISIONS OF SECTION 368 OF THE TOWN AND VILLAGE ACT.

1. Any person being a transient trader within the meaning of The Town and Village Act shall before commencing or carrying on business in the Town of Ponoka pay to the Secretary-Treasurer of the said town a tax as follows:

for each day in which a transient trader carries on business in the town.....\$10.00 payable in advance.

for each week in which a transient trader carries on business in the town.....\$25.00 payable in advance.

2. Any person being a transient trader who carries on or commences business without paying the tax herein provided for shall be guilty of an offence in respect of each day during which he carries on business and shall be liable on summary conviction to a penalty of not more than \$50.00 and costs, and in default of payment to imprisonment of not more than thirty days for each and every day in respect of which an offence has been committed.

3. By-law No. T-44 is hereby repealed.

Read a first time this 24th. day of November 1958. Read a second time this 24th day of November 1958. Read a third time and finally passed this 24th. day of November 1958.

During the course of a discussion of the Red Cross it was stated that since December 1st, a number of calls have been made on the Red Cross for help with fire victims and other needy cases. It was suggested that all possible assistance be given when the Blood Donor Clinic is put on here in March.

A notice of motion was passed to re-open the matter of a proposed half-day closing in Drayton Valley at the next Chamber of Commerce meeting which will be held on Friday March 4th. A motion was also presented to advertise the matter of the closing of all stores in Drayton Valley on Monday evening at six o'clock, instead of the present 9:00 o'clock evening closing.

A nominating committee to bring in a suggested slate of officers for the coming year was set up. The committee is T. Smith, J. Bamber and A. Playford.

MISS McDONALD CROWNED CARNIVAL QUEEN

CHAMBER OF COMMERCE MEETS

Drayton Valley Chamber of Commerce met on Friday, February 5th, in the Royal Bank Building, with a fair turnout of members.

After the reading and approval of the minutes of the previous meeting a discussion was held on the possibility of getting both a Federal and a Provincial Building. Regarding the possibility of a Federal Building a letter was recently written to the Mayor by Dr. Hugh Horner, M.P., suggesting that the Chamber of Commerce supply the Postmaster General with statistics and data showing the permanent growth and possibilities of Drayton Valley.

Mention was made of recent fires here which have claimed lives of small children and a committee was set up to put on a program to educate residents on fire hazards. It is expected that films will be obtained from the University of Alberta Extension Department and shown some place in Drayton Valley. Some Oil companies have already shown some of the films as part of their Safety program and it was felt they would be both interesting and enlightening to the general public. The committee set up comprised of Mr. Elmo Holder, Mr. R. Hebbard and Chief A. Miles.

The Fifth Annual Ice Carnival for Drayton Valley was as great a success as the previous Carnivals have been or perhaps even more successful. A lot of work went into the planning and staging of the Ice Carnival. This year the carnival was sponsored by the Boy Scout Association alone. Previous carnivals have had been put on jointly by the Boy Scout Association and the Rotary Club. A "first" was added this year with two complete programs, one an afternoon matinee and the other a regular evening performance.

So many worked so hard on the whole affair it would be difficult to name them all, but a few especially worthy of mention are Bill Couch and Andy Andersen, both of Pembina Pipe Line, who did a great job of arranging the program, advertising it and looking after the thousand and one details which made the show the great success it was. Also working hard at it were the Campaign managers for the Queen Candidates, Butch Heyland and Rupert Ibbotson for Beverly Endicott.

The program consisted of a solo by Sonja Burger, a duet by Brenda and Marlene Ibbotson, a Parade of Cubs and Scouts, a solo by Hissail Hutzler, a duet by Sally Carnegie and Sonja Burger and a Parade by Guides and Brownies, followed by a solo by Marlene Ibbotson. A Costume Parade followed with a number of local boys and girls dressed up in costume. Winners in the younger group were Paul Ibbotson, dressed as Mickey Mouse

and his brother Gavin Ibbotson, dressed as a horse. Little Paul, only three years old, got a tremendous ovation from the crowd. In the older children's class Bonnie Baxter won first prize as a Devil and Freddie Elliot received second prize for her costume as a Valentine Queen. This number was followed by a solo by Sally Carnegie. Next on the programme was a comic act, and after that a duet by Marlene Ibbotson and Sally Carnegie.

The Parade of the Wooden Soldiers followed, featuring Edmonton skaters, Vickie Reuter, Micki Gregg, Vonne Cunningham, Beverly Phoenix, Nona Reuter and Sandy St. Lawrence. This number was followed by a solo by Terry Reuter and a four-piece by Micki Gregg, Archie Zatzki, Rudy Topp and Trevor Midgley. Next on the program was a solo by Bonnie Phoenix, a Dance Group, Lynn Paton and Gail Paton then performed as a Trio and a Trio act comprised Peggy Walsh, Paula Gregg Carol Clute, and Barbara Malen-

Photo by Curt's Studio

Miss Verna McDonald is 1960 Ice Carnival Queen. On her immediate left is Miss Sharon Woods, last year's Queen. On Miss Woods left is Miss Pat Fry, 1960 Queen Candidate, and on Miss McDonald's right is Miss Beverly Endicott, 1960 Queen Candidate.

chuk, George Gerard, of the Edmonton Figure Skating Club put on a comic act, followed by a solo by Sandy St. Lawrence and a Trio, with Vonne Cunningham and Beverly Phoenix. Jeanne Welsh then put on a solo act. Six skaters did a skating act dressed as Chinese Dolls. Peggy Walsh, dressed as an Eskimo, performed a solo again, followed by professional Gordon Linney.

Closing number on the program were eight skaters dressed as Sellers, they were Bonnie Phoenix, Terry Reuter, Lorraine Allison, Darlene Adams, Barbara Phoenix, Jeanne Welsh, Lavene Gubrand and Barbara Rempel.

Between the afternoon and evening performances the Scout and Guides Mothers Auxiliary prepared a fine supper for the performers and the groups from Edmonton at the Scout Hall. Seated at the head table were Mr. Gerard, Mr. and Mrs. L. Reuter, Mr. and Mrs. Ed Cunningham, president of the Edmonton Figure Skating Club.

AL OERING ADDRESSES OIL WIVES' MEETING

Mrs. Boling is showing the newly presented charter for Drayton Valley Oil Wives Club. The large trophy the Club won in an annual contest is seen on her right, to her left is seen the smaller permanent cup which the local club also won, and which they may keep. Also shown in the picture is the large Friendship Candle which was lighted during the program. Seated on Mrs. Boling's right is Mrs. Worthington, secretary, and on Mrs. Boling's left is Mrs. Moore, i.e. vice president.

Drayton Valley Oil Wives Association won awards at the recent convention held in Edmonton. Oil Wives Association, formed originally in Edmonton, nine years ago, after three years of effort, was finally recognized by the Dominion government and given a federal charter. The organiza-

tion, known as International Association of Oil Wives is now able to grant charters to local clubs as they are organized. At the convention a charter was granted to Drayton Valley and to twenty-three other Oil Wives Clubs, including clubs down in Bolivia and Venezuela. A total membership

friendships among wives of men employed in the oil industry, particularly since they are usually required to move quite often. The Oil Wives Club helps them to meet other women of this kind.

The Drayton Valley Club has been organized for two years, since March 1958. Past President was Mrs. Jean Sowerth.

Mrs. Danita Boling is present president. The Drayton Valley Club has a membership of 150, with 60 on the waiting list, waiting an opportunity to be taken into the club. Previously the local club has been limited to the amount which could be accommodated in the dining room. Drayton Valley Club is third in size, Calgary is largest, with 500 members and a waiting list of 115. Edmonton is second with a membership of 209, with no waiting list.

CONFECTIONARY AND BILLIARD ROOM OPENS

Lodgepole got a new business recently when Cohen's Confectionary and Billiards opened for business on Monday, February 8th. On opening day they served free coffee and doughnuts. The new business is operated by Frank and Betty Cohen, Frank's brother to Emile Cohen, of Cole's General Store. The building is the former Central Cafe.

Coffee and doughnuts and sandwiches will be served at the grill. At a later date a billiard table will be installed.

HOTEL PROPOSED FOR LODGEPOLE

A number of substantial businessmen, including a prominent contractor, held a meeting recently to draw plans for a proposed hotel to be built in Lodgepole. As outlined the hotel would cost around \$250,000, to \$255,000. It would contain some 20 rooms and a couple of stores. Tentative plans call for a bank to be located in the building, also.

There have been two or three applications for the building of a hotel in Lodgepole and undoubtedly one of the interested groups will be awarded a permit, with construction starting as soon as the weather permits.

"If Your Trouble be Great or Small Give 604-2 a Call"

REPORT FROM PARLIAMENT HILL

House of Commons
Canada

OTTAWA, February 4, 1960. One of the major problems which is affecting our people at the present time is the situation in regard to the production and marketing of eggs, and as this is a farmer of Jasper-Edson, I would like in this report from Parliament Hill to explain in detail how the government is handling the situation.

The present state of this problem is that over recent years the production of eggs in Canada has expanded to a point well beyond the amount which can be marketed in an orderly way in Canada or in such export markets as are available to us.

This has been a cumulative thing since 1955. This increased production has developed in spite of declining egg prices over the last three years and the government therefore reached the decision that it was necessary to discontinue supporting the market by purchasing eggs. In place of this, as announced last May, a deficiency program was established.

In establishing the deficiency payment arrangement, it was provided that producers would be eligible for up to 4,000 dozen Grade A large eggs a year. This represents the production of a flock of about 600 laying hens. Ninety per cent of the producers who have registered so far have less than 400 and so will be eligible for their entire production of Grade A large eggs.

It was announced that if egg prices from October to December fell seriously below the support price, consideration would be given to making a deficiency payment for that period. Actually the average price for those three months was only slightly below the support price and so a deficiency payment was not made for those months.

To show how the deficiency payments will work, we must consider the figures for the first three-week period in January. These are the first actual figures once the market has settled down and the spread between East and West have become reasonable again. That is in the region of 4 1/2 cents per dozen between Alberta and Ontario.

The national weighted support price is 33 cents a dozen. The cumulative weighted support price

from figures received for the first three weeks in January was 19.3 cents. Thus, if a deficiency payment was made at the present time, for that first 3-week period in January, the payment would be 13.7 cents a dozen. That is to say, as at the end of the third week in January the producers in this country had owing to them a deficiency payment of 13.7 cents a dozen.

If the price range goes lower than it was during the first three weeks of January and remains lower throughout the remaining period of January, February and March, then the deficiency payment will be more than the 13.7 cents; but in any event the price the producers will be brought up to 33 cents a dozen, which is the support price, and here I should say that this is the average support price across Canada.

We in Alberta have had a support price of 38 cents a dozen and our returns will be brought up to this average support price. This support price represents in Alberta 64 per cent of the 1959 average and so it can be seen that this scheme is in accordance with the Stabilization Act.

The situation in regard to the use of regional average prices rather than a national average price, can be shown on the basis of this first three-week period in January. If we had a regional support price in Manitoba instead of the national average price, the egg producers in Manitoba would receive a deficiency payment of one or two cents less than they would have received by using a national average. The same applies to Saskatchewan and the figures for Alberta show that the national average basis would be approximately equal to the regional average basis return.

Taking the situation over an year, it is felt that the national average is a much better and fairer method than the use of the regional average. Certainly, we in the Western provinces will be better off under the national average system than under the use of the regional averages. The main reason for this is that this scheme of deficiency payments has cut down the spread on eggs between East and West and we in the Western provinces will gain one or two cents per dozen in our deficiency payment.

I think the important thing about this scheme is for our small producers to realize that this scheme

is devised to support them, with the payments being made directly to the producer rather than to the producer buyer as was done previously. I would hope that all of our producers, insofar as they can, will maintain their small flocks and will remain in the egg business as they are convinced that this is the average support price at the end of March which on the present figures would amount to something around 13.7 cents per dozen.

As I have said, if the price of eggs should go up then that 13.7 cents will be cut down somewhat. However, if the price of eggs should go down then their deficiency payment will be increased.

The same sort of situation applies to the deficiency payment program for hogs and I am convinced that if our small farmers understand these programs they will realize that they have been put into effect for the support of the family farmer and that they are the people who should remain in the hog and egg business because they are going to be supported by the government.

The critics say that we should not have put in this scheme but rather should have reduced the support price or they suggest that eggs and hogs be taken out of the mandatory list in the Stabilization Act.

I have said before and I say again that this would not have solved the problem but would have rather caused over the entire production of eggs and hogs to be large integrated units.

I trust that I have made the situation in regard to the egg deficiency program clear; however, if there are any questions or any other information which I can

supply, I hope that the people in my constituency will feel free to get in touch with me.

Letter To the Editor:-

Another disastrous fire. This time attended by the loss of three young lives, the mild recollections from thinking of the suffering of these three children. Can't something be done to avert these calamities? We are a relatively compact community, and as such are members one of another. Can we not develop a sense of civic responsibility? I suggest that the various public bodies, the Chamber of Commerce, the Churches, the Clubs such as the Lions, the Elks, the Rotary, together with the Court and the Police, form an active Committee to study the causes, and educate the citizens to the duty of fire prevention.

The individual must accept his or her responsibility in the matter and realize that it is of no use to "stand to know for for whom the bell tolls" (or the siren wails) if it is for him.

Yours faithfully,
Concerned.

The new executive for the year of our Pegasus Club are as follows: President-Ed Jakeman; 1st Vice-President-John Faden; 2nd Vice-President-Bruce Thompson; 3rd Vice-President-Dick Schell; Treasurer-Bud Byram; Secretary-Anne Robinson.

Congratulations to all of you!!!!

Friends of Mrs. Gladys McMorris will be sorry to hear that she is in the University Hospital in Edmonton.

Housewife: "Can you fix this fence so that my husband will never know I bent it?"
Garage Mechanic: "No, but I can fix it so that you can ask him in a few days how he bent it."

WHITE CANE WEEK OPENING ANNOUNCEMENT

The Honorable J. Percy Page, Lieutenant Governor of Alberta, today released the following statement in proclaiming the observance of White Cane Week, February 7th to 13th, in conjunction with the National Educational campaign.

"Each year, one week is set aside to focus attention on the meaning and significance of the white cane as a symbol of blindness. During White Cane Week, The Canadian National Institute for the Blind and the Canadian Council of the Blind take the opportunity to stimulate a greater public awareness of the needs and capabilities of those who are without sight, and of the need to reduce the incidence of unnecessary blindness. Annually, about

2,000 Canadians lose their sight, and about 50% of all blindness results from carelessness and preventable eye accidents. Certain eye conditions responsible for loss of sight can be treated. Corneal and vitreous transplants each year assist a number of Canadians in having useful sight restored. Everyone in this province can assist by pledging their eyes at death to the Eye Bank of Canada, Alberta Branch. Donor cards and further information can be obtained from The Canadian National Institute for the Blind in Edmonton or Calgary. "Blindness is Your Business." Prevent it, cure it, and show consideration for those who are without sight."

280 ATTEND UNITED CHURCH DINNER

The Congregational Dinner of the Drayton Valley United Church was attended by about 280 persons. The dinner was held in the Elia Community Hall on February 4th. Following the dinner members of the congregation took part in a short program

which featured the humorous as well as the serious side of life. Brief addresses were given by Mr. Howard Catlin, Mr. Harry Zolmer, Mr. Bruce Shearer and Mr. Howard Pickup. Rev. Albion Wright acted as Chairman. The evening program concluded with

the showing of a short film depicting Missionary work in Angola. The dinner was prepared and served by the Anglican Church W.A. The ladies of the W.A. were highly commended for the delicious meal and the efficient manner in which it was served. It was noted that this

was one of the largest gatherings ever to enjoy a meal together in Drayton Valley. The increased attendance at the congregational dinner is but one visible indication of the growth the United Church has enjoyed since its formation in Drayton Valley a little more than four years ago.

SUN LIFE OF CANADA

LUTHERAN CHURCH NEWS

LADIES AID SOCIETY

January 22, 1965 was the date of the meeting for the Ladies Aid Society of Emmanuel Lutheran Church with sixteen ladies present. The meeting began with a reading from the Bible and a prayer by Rev. Karlén. The minutes of the last meeting were adopted as read. The treasurer reported we have \$107.58 in our treasury. Four dollars was sent to the Lutheran Hour. The Ladies decided to subscribe to "This Day" magazine for 3 years to be sent to the hospital. We also sent \$10.00 overseas for food. This much money will sent 3,000 lbs. of food. Our first set of Altar paraments will be white with a rose pattern, made of brocade silk. Two book markers for the lection and pulpit will match the superfrontal. The Ladies are collecting cancelled stamps for missions - each must have a half inch border. Nabob coupons are also being collected. Three new members to our Ladies Aid are: Mr. Gladys Schultz, Mrs. Janet Freund and Mrs. Gail Schultz.

Six Ladies from Drayton Valley and four Ladies from Tomahawk decided to go to the Christian Work Shop at Redeemer Lutheran Church in Edmonton on February 3. The meeting adjourned with a lovely lunch following with Mrs. Eleanor Metzger as Hostess. Our next meeting will be held on February 19th.

LUTHERAN WOMEN'S MISSIONARY LEAGUE

Lutheran Women's Missionary League held their Annual Christmas Growth Workshop, February 2nd, in Redeemer Church, Edmonton. Seventy-six ladies and pastors registered throughout the day. Mrs. F. Schale, chairman of the Workshop welcomed all the ladies and pastors. The program outlined for the day proved to be most interesting and educational to everyone. The buzz sessions were most active to each group. A lovely dinner was served in the Parish Hall of the church, by the Redeemer ladies, followed by afternoon devotion led by Nilsen Snelter, Mrs. R. Henning Dietrich, L.W.M.L. President welcomed everyone. The ladies had a coffee break followed by committee reports and a panel discussion led by Rev. W. Rumsch. Closing Devotion was led by Rev. G. Rode. All we'll sum up by saying such a workshop is a very much needed and worthwhile project.

BIBLE BRIEF

For a thousand years in the past, people have been saving money today and withdrawing it tomorrow. A Sun Life Endowment Policy provides you with a savings plan that cannot fail. Let me tell you about it.

Food for thought

By: Danita Boling.

For days now, time has been wasting away on my hands and I try. I never seem to get ahead of myself. It seems to me as if some people have a magic wand and are able to budget their time so that everything is able to be done calmly and well. If any of you have any secret formulas for the successful distribution of that mysterious element called, "Time", I wish you would send it to me. And if any of you have "time" to spare than you might offer to answer the many letters I have waiting to be answered and perhaps do a few other things that I must get done before too long.

If I lack it with us, the sun will be shining by the time this article appears in the paper but it certainly isn't shining as I'm writing it. We've had a miserable session of gloomy fog and I don't know if any kind of weather that is more depressing to me. Fog is so quiet and yet it has a way of making me feel as if I'm marooned on a desert island. It is frightening to drive in, too, as it seems to be the natural legislation to gradually pull you to the left side of the road when one can't see the dividing line; a perfect "setup" for a head on collision! All of the six senses are extremely important but in fog weather it seems to me that vision must be the most important. No matter how hard one tries to see ahead, that murky gray blanket is there to obstruct one's vision. It is then, that in a very small way, I can understand the dark lonely world of those who have no sight and I remember that I can at last hope for a change when the sun shines, but for the blind such hope is dead. Wonderful strides are being made for those who are unfortunate enough not to be able to see and in some cases sight can be re-

stored. One of the most interesting developments in the transplanting of the cornea from one who has just passed away to a living person who has lost his vision. In order to do this, it is necessary that you "will" your eyes to the eye bank to be used at the time of your death. Yes, I know that is a subject that some of us would rather avoid but if you would spend just one day wearing a black blindfold then you will understand just what it could mean to a person who is blind to be given your vision when you will no longer need it. Once the decision is made to leave your eyes with the eye bank for someone who is more unfortunate than you, then all the horror leaves you and the feeling of decency and well being is there.

Just a word to remind you that Sunday February 14th is Valentine's Day again and we must all scurry around and get that little token of affection for those we love. In a mad, whirling, and insane world it is nice to know that we still have a day each year set aside for romance. If you are having a Valentine's Party or just want to have something special for your family on Valentine's Day you might try this recipe.

Strawberry Lemon Angel Cake

1 pkg. lemon chip angel food cake mix, 1 pkg. (10 oz.) quick frozen sliced strawberries, thawed; 2 cups heavy cream, 1/4 cup granulated sugar.

Prepare cake mix as directed on package. Bake in 9x13x2 1/2 inch heart-shaped pan in moderate oven (375°F) about 15 minutes. (Can be baked 2 layers at a time using 1 pan again for last third of batter.) Cool upside down in pans, supporting edges on two other pans.

School Doze

By: Rupert T. Abbott

On Saturday, February the sixth, Drayton Valley's Fifth Annual Ice Carnival was held much to the pleasure of the excellent crowds that attended for both performances. A banquet was held in the Scout Hall with the mothers of the Scouts and Cubs serving a wonderful supper. Attending the banquet were members of the Boy Scout Committee members of the Edmonton Figure Skating Club, distinguished representatives of our town, and the candidates for Carnival Queen. You're truly in attendance as Miss Beverly Eddy's escort, which added greatly to my enjoyment of the affair and was an honor in itself.

I'd like to express my sincerest congratulations to Miss Vera McDonald, candidate for Pembina Producing Companies, on her victory at Carnival Queen. Such a great honor couldn't have been bestowed upon a more charming person. I'd also like to add, that, although someone had to play second, all the girls will be "Queens" to me as I hope they will be to you.

On behalf of Beverly, I'd like to say that the High School and the Merchants who sponsored her, have truly appreciated the support that was given for her campaign. My personal thanks are extended to Mr. Klapp, manager of the Hudson's Bay, for his more than generous support during the past few weeks. Thanks also to Curt Clauson of Curt's Studio and to "Scout" Playford of the P.N.A. for their co-operation and support. To the Merchants of Drayton Valley, our sincerest thanks from the students of the High School without their sponsorship, Beverly's campaign might never have been.

It has been reported that Teen Town has been unable to obtain an orchestra as previously planned, for their dance on Saturday. However, the dance will still be held in the Scout Hall and all teens from thirteen to nineteen are more than welcome. The event will be a Valentine's "Cupid's Cape" and admission is fifty cents for members and seventy-five cents for non-members. Chaperones have been arranged for and refreshments will be sold.

"Best you remember to attend our dance on the twelfth." Is Frank Kroych's friendly reminder to all students from grades seven to twelve, and it's a good idea at that. The Elementary School Gymnasium will be "decked out" for a "Sweetheart's Swing" in honor of the good St. Valen-

tine and it is hoped that everyone will make plans for attending. Admission is set at fifty cents for members of our students' Union and seventy-five for non-members. Prizes, prizes, and more prizes are to be given away to various lucky couples for elimination dances and all proceeds will go toward the publication of the 1960 "Scope".

Shirley Sibson's team of hard-working girls will soon be calling upon you to purchase tickets on a doll and wardrobe raffle. The proceeds from this raffle will go towards "April Prom" and your support will be truly appreciated. So welcome the girls' visit and purchase your tickets -- you may be the winner!!!!!!

Until next week then, adios amigos.

SPORTSTALK

By: Gene Walz

Gentle readers, this will be my own song. This column will no longer appear to cover the sports scene in Drayton Valley. Due to business commitments it will be impossible for this writer to continue reporting the local happenings. During the brief time that I was associated with the sports coverage in town I can honestly say that it was enjoyable. At times the views expressed here did not agree with those of the local citizenry, but at least interest and controversy were aroused, which has always been the prime purpose of this column.

In the meantime, I have a column to write, so here goes. The recent chinook, which was welcomed by most people, caused some head aches for the local hockey group. The ice disappeared completely in one end Thursday curtailing the hockey activities. Combined with the odd snowfall and a marked loss in interest by the

Electric Contracting & Machinery Ltd.

these teams associated with the league, hockey has come to a standstill.

The only sign of life come from the fact that there are two play-off games this week. The junior All-stars decided out in their new sweaters, donated very graciously by the Valley Vets Ltd., travel to Edmonton Friday night to do battle with the Inglewood Midgits of Edmonton. For anyone who might wish to take in the game, it is being played at the Inglewood Community Rink at 110 Ave. and 122 Street in Edmonton. The second game of the total point series will be played here on Saturday at 9:00 p.m. The boys are very capably coached by Paul Poirier and managed by Lawrence Quirby. How about having a great big crowd on hand Saturday afternoon to cheer our local on to victory?

The other play-off game is between the Drayton Valley Senior All-Stars and the Edmonton Fire Dept. as they clash in a total point series to decide who advances along the play-off trail towards the provincial intermet league "C" crown. That game is scheduled for 7:00 p.m. on Sunday, with the second game in Edmonton at The Gardens sometimes during that same week. Jack Falls and Stan Kaluznick handle the management and the coaching respectively. Team members are as follows: Defence- Art Barber, Marv Jones, Ken Machan, Orie Mandryk, Paul Poirier, Ed Schultz. Forwards- Clay Cardson, Bob Ehnman, Roy Eisenhammer, Bob Saworell, Morley Sutor, Don Wenger, Jim Wilson.

One name is missing from the roster - that of Dave McLeod. Dave is in Prince Edward Island, where he went last week and upon hearing of his father's death. Our sympathy and the sympathy of the entire All-Star squad is extended to him in his bereavement. The latest bowling standings are

as follows.

Insights, of the Drayton Valley Club. International president is Mrs. Emily McKay of Calgary. Mrs. Wanda Thon is International Secretary. After receiving the award, Drayton Valley president, Mrs. Bolling, was interviewed over radio and T.V. news.

Al Oeming, zoologist and director of the Alberta Game Farm, a 500 acre tract 17 miles east of Edmonton where animals are raised in captivity and where many species of animals which are now becoming rare or almost extinct are propagated, was guest speaker at the Oil Wives of Drayton Valley meeting last Monday night, February 8th, in Elks Community Hall.

Mr. Oeming held his audience spell-bound as he related experiences with various types of birds and animals and later, as his projectant showed very interesting pictures of wild-life, taken within the sanctuary of the Alberta Game Farm while Mr. Oeming gave a running commentary on the various birds and animals shown in the picture.

Mr. Oeming spoke of the conservation of natural life in Alberta; the preserving of our heritage of bird and animal life for future generations. He said that as the search for oil and gas continues in the province more and more of the natural woodland cover is destroyed and it becomes increasingly hard for wild animals and birds to find refuge, with the result that they diminish in numbers very rapidly, until the time comes that some species become extinct. He mentioned the fact that at one time, not too many years ago, some 80 million buffaloes roamed the western plains. But indiscriminate slaughter brought the numbers down until, at one time it was thought they had vanished completely, but a man by the name of Fabreus had found a herd of 22 buffaloes, the last remaining few out of the millions that had once been here and had conserved the herd and had finally sold it to the Canadian government. Mr. Oeming mentioned the once plentiful carrier pigeon which has been destroyed, and the whooping crane, which was on the verge of extinction, but which seems, at the present time, to be making a comeback, to be making that certain areas of Alberta

Mr. Oeming was president of the

Edmonton Zoological Society for about eight years. In conjunction with the late Dr. Rowan he helped in the Children's Zoo underway to Edmonton. He is named as president last year. He is owner of the famous "Chester", which is now down in Florida at present. Chester is expected back here in a month or so. Mr. Oeming has received considerable publicity lately owing to his efforts to preserve the Plains grizzly bear, which also used to be quite plentiful in many parts of Alberta and Saskatchewan, and was thought to be extinct until some of the species were found in the Swan Hills area. He now has a campaign underway to preserve the Swan Hills grizzlies, and possibly to move them out to a more remote area.

LADIES RIDING CLUB TO BE FORMED.

Any ladies who like horseback riding are asked to call 402 if they would like to see a ladies' riding club formed here. The club would be open to all ladies of Drayton Valley and district.

"Learn calm to face what's pressing" (Horace, SS-B B.C.)

CARNIVAL QUEEN CROWNED
(cont. from p. 1)

Mr. and Mrs. Heyland, Mr. and Mrs. MacLean, Mr. and Mrs. A. Anderson, Mr. and Mrs. St. Lawrence, Mrs. Jeanne Wells, Mr. and Mrs. F. Pason, Mrs. Topp and Mrs. Phoenix. Mr. Anderson introduced the Edmonton Group.

Following the evening performance was the crowning of the Queen. Of the three lovely young ladies who had been chosen as candidates Miss Verna McDonald was chosen Queen of the 1960 Ice Carnival. She was crowned by last year's Queen, Miss Sharon Wood.

SKINDIVERS

A marked increase in attendance was noticed at the last Skindivers meeting held Feb. 9, 1960.

The majority of the increase was in the junior class.

Theoretical instruction of the junior and senior group will begin next Tuesday, Feb. 16.

All persons desiring of becoming members should take notice of the following:

A. Persons requiring parents of guardians consent should supply a letter to this effect at the earliest possible date.

8. A complete medical report is required before entering the water. C. Only persons with complete "approved" Self Contained Under Water Breathing Apparatus Diving gear will be considered members of the Group. Persons with incomplete Diving equipment shall be considered as applicants only.

Until further notice meetings will be held each Tuesday at Curt's Studio. Junior from 8 p.m. - 9 p.m., Seniors from 9 p.m. - 10:30 p.m.

OIL WIVES' MEETING

The Oil Wives' Club held their regular meeting on February 8th at the Community Hall with approximately 135 members present. Guest speaker for the evening, Mr. A. Oeming, naturalist, was introduced by program committee chairman, Lil Rose. After a short address citing some very vivid experiences, Mr. Oeming narrated two films taken on his farm east of Edmonton, where he keeps many different types of wild life in their natural habitat.

Mr. Oeming had one of his non-human friends, "Percy" the porcupine with him. After the program concluded a very short business meeting was held. President Davis Belling gave a report on some of the items covered at the International Convention last week. New by-laws

were read and the permanent charter was presented. Drayton Valley won the cup for participation in the International Association. Next meeting will be held on March 14th.

Mrs. Shirley Tolchard, Reporter.

DRILLING SALE MARCH 1

A new area in the Pembina field, near both the Camwood and Keystone fields. At the same drilling lease sale 7,680 acres will be put up for preliminary lease. So far there has been no drilling in the township (47-5W) which is three miles east of the Pembina field, near both the Camwood and Keystone fields. At the same drilling lease sale 7,680 acres will be put up for preliminary lease in the west Pembina field (50-W4 and 50-10W).

MUNICIPAL POLICE MEET

A meeting of Northern Alberta Municipal Police Officers was held recently in Leduc, on January 29th. A large number of Municipal Police Officers were on hand for the meeting. Drayton Valley was represented by Chief Constable Miles and Constable Chesterman.

Drayton Valley has the honor of having her Police Chief elected

as president of the Northern Alberta Provincial Police Officers Association.

Next meeting of the Police Officers will be held in Rocky Mountain House in the near future. A meeting of the group had been held in Stony Plain last fall.

LEGION MEETING

The slate of officers for 1960 were elected recently for the Drayton Valley Legion. Honorary president is John MacKenzie. President is Bill Davies. Lt. Vice-President is Ken Wardlaw, 2nd. Vice-President is Art Smith and 3rd. Vice-President is E. Whitlam. Secretary is Tom McKenna, with Chris Frank as Treasurer. Sergeant-at-Arms is Bill Nordquist.

Next meeting will be on February 17th; the new officers will be installed at that time.

"My ear is one of the latest, only you know."

"Yes, I've heard most of the neighbors complaining about the time you come home at night."

R Journal (65-140 A.D.) said: "A SOUND MIND IN A SOUND BODY IS TO BE PRAYED FOR"

In recent days a sound body was truly a blessing for them because medicine gave very little help. Plans would overnight demolish or wipe out ideas. Any surgical operation was a death-dealing order.

Physicians can now prescribe effective medicines for which monies would have given their kingdoms in grateful payment. Yet these new drugs, many of which cost millions to research and perfect, are a few cents per treatment. They not only save lives, but by lessening sickness-time and requiring fewer visits from physicians, actually save you money.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby. A great many people entrust us with their prescriptions. May we compound yours?

humans are used to the air pressure of the surface of the earth, which is 14.7 lbs. per square inch on the body surface, and when we go below the water the water pressure on our lungs is so great that we are unable to pump our lungs hard enough to draw air for more than about eighteen inches from the surface of the water."

For that reason, if one is going down to a considerable depth for any length of time, it becomes necessary to take down a cylinder of compressed air strapped to the swimmer's back, which enables him to stay underwater for much longer periods than he normally could.

Mr. Mundell mentioned that a requirement for all skin and scuba divers is a float on top of the water, from which the diver would descend, and also the "buddy" system, by which divers would always operate in pairs under the water. Then in case of trouble one could help the other. The speaker mentioned that although only organized for a month, Drayton Valley already has the second largest Skin and Scuba Diving Club in Alberta. Largest is the Calgary Club.

Following the address to the Lions Club meeting Mr. Mundell and several Lions members who are members of the Skin Diving and Scuba Club left to attend a meeting in Curt's Studio.

In the business meeting which was conducted by Lion President Don McKenzie, following the address by the speaker of the evening, it was announced that, Rodco dates have been set for July 29th and 30th. Further discussion will be made on the Rodco at the Directors meeting at 7:30 Tuesday evening, February 23rd, which will be held in the office of Performing Guns of Canada. It is hoped to finalize most plans for the Rodco at that time so it is hoped that as many Lions members as possible will turn out to the meeting.

The Lions Club are putting on Bonanzas in the Curling Rink, the first a Mixed "spiel" on February 28th and there will be an Open Bonspiel on March 7th. In the Open Bonspiel an invitation will be extended to other Lions Clubs to come here to curl.

At the regular meeting of the Lions Club on Tuesday, February 16th, Mr. Jim Mundell, a Sanitary Inspector for the Edmonton Health Unit was guest speaker. Mr. Mundell gave a very interesting talk on various phases of Canada's fastest growing sport, Skin diving and Scuba diving. He mentioned three requirements for those who wish to go in for the comparatively new sport of Skin and Scuba diving:

1. Some basic swimming ability. 2. Medical checkup, this is not hard to pass but is required for all those who wish to take up Skin and Scuba diving. 3. Next step, according to Mr. Mundell, is Skin diving. From that one would graduate to Scuba diving. "Scuba" is an abbreviation for "Self-contained Under Water Breathing Apparatus". In Scuba diving the diver takes a tank of compressed air and is able to go to much greater depths than in regular skin diving. He said that two types of diving suits are available for skin diving, a "dry" suit, in which the cuffs fit tightly around the wrists and the neck of the suit fit tightly also to prevent water from getting in, the "wet" suit allows water to enter in between the skin and the suit and then holds it entrapped so that the water will be heated to body heat and then will act as insulation against cold water, and cut down the loss of body heat.

Some of the equipment used in both skin-diving and Scuba diving were introduced at the meeting. Equipment such as mask, weight belt, compressed air units, different types of diving suit, etc.

Mr. Mundell explained that the three basic requirements for skin diving are mask, snorkel and flippers. The snorkel is used primarily to lay face-down on top of the water and to breathe through the eighteen inch "snorkel" (breathing tube) with the mask adjusted on the divers face, while they watch what goes on below the water. When something of interest develops below the water they can then dive down to investigate. The mask completely covers the eyes and nose. The speaker said that some people have the idea that a snorkel is a breathing tube with which the diver can go below the surface and still breathe the surface air. "However," said Mr. Mundell, "we

PEMBINA NEWS ADVERTISER

Vol. 5 No. 7 February 18, 1960. A. Hayford, Publisher Box 130, Drayton Valley, Alta.

SPEAKER AT LIONS CLUB MEETING

- #9 occurred at Violet Grove.
- In fine No. 3 three small children were lost.

Don Greiner, Fire Chief.

R.C.M.P. ARRESTS GAS THIEVES

Two men appeared in Drayton Valley Police Court on Tuesday, February 16th, before Magistrate Clendenen charged with breaking and entering, attempted theft and theft. The charges grew from the breaking and entering of the Centex Service Station and Warehouse at Campion Corner, on Saturday night, February 13th. R.C.M.P. constables of the Drayton Valley detachment caught a couple of men red-handed as they were stealing gasoline from a construction company yard just outside of Drayton Valley. When they began to investigate the records of the two men whom they had apprehended for stealing gas the officer discovered the cache of goods stolen from the Centex Service Station break-in and the men were arraigned in court on the more serious charges as well as the charges of stealing gasoline. Both men were remanded for one week for sentencing.

A day or so later, two other men were caught by Constables Wilson and Fitzpatrick at the same construction company yard as they were siphoning gas from trucks. Both men were brought into court on the following day, February 17th, and appeared before Magistrate Daby. Charged with stealing gas the men pleaded guilty and were given the opportunity to pay their fines by the week-end. In the case of failure

Mr. Robert Milton O'Dell

This week's Personality lists one of the many young married workers of Drayton Valley district. One of the many with a trade and who work hard at it to make their living.

Robert Milton "Milt" O'Dell, was born in Kenaston, Saskatchewan where he lived on the farm until he was eighteen. He started in oilfield work in 1949 at Redwater, with Spurling-Davis. The next year he went to Devon with Hupp-Elliott. He wrote his ticket for last Class Journeyman welder in Edmonton. He went with Flint Rig as welder to Swift Current, Saskatchewan for a while, just long enough to meet

to pay the fines both were sentenced to twenty days in jail.

TOWN PLANNING FILM

A film which depicts the development and planning of new towns is to be shown in the School Auditorium on the evening of March 10th by the Town and Rural Planning Commission of the Department of Municipal Affairs. Primarily the film is to be shown for members of the Pembina Planning Commission.

Admission will be by admission tickets, but interested persons are invited to attend.

and eventually to marry Miss Gertrude Brown, of Swift Current. Before coming to Drayton Valley Milt worked for a while at the Celanese plant in Edmonton and for a while with Lewis Welding in Kindersley, Saskatchewan.

He came to Drayton Valley in 1954 and has been here ever since. He owns a portable welding unit and sub-contracts under Mainst Ltd.

Mr. and Mrs. O'Dell have two children, both girls, aged 4 years and one and one half years. They live at the Mainst Camp about a mile from Drayton Valley.

HARDWARE CHANGES HANDS

Lorne Stevenson took over full interest in the former Drayton Hardware on February 1st. The hardware will now be known as Stevenson's Hardware. Former owner was Mr. Dave Chow, of Pembina Grove Restaurant.

Mr Stevenson came to Drayton Valley from Roblin, Manitoba where he was in the hardware business. He was raised near Neudorf, Manitoba. Mr. and Mrs. Stevenson have one child.
